

Burlington Area School District Preschool Screenings 2016-2017

Do you have concerns about your child's development?

Preschool screenings for the 2016-2017 school year will be held throughout the Burlington Area School District for any child between the ages of birth to 5 years old who is not attending 5 year old kindergarten.

If you are a parent of a child within this age range and are concerned about his/her development, you are encouraged to attend one of the upcoming screenings.

District staff will screen your child in the areas of development, social skills, fine motor (small muscle), gross motor (large muscle), and speech/language development. This screening is NOT in place of 4K or 5K kindergarten screening, which will be offered in your neighborhood school.
