Policy Title . . . COPYRIGHT

Code No. 361.5

The School Board fully endorses Federal Copyright Law which sets standards for copying print and non-print media identified as literary, musical and dramatics works; pictorial, graphic and sculptural works; motion picture and sound recordings; computer software; and video taping of broadcast programs and materials.

Inappropriate use of media that is copyrighted is unethical as a model for student learning and violates respect for the letter and spirit of the law. District employees will be instructed on a yearly basis as to the content of the law, and will be directed to comply with it.
