

Burlington Area School District Roadmap for Maintenance Excellence

Purpose

The *Roadmap for Maintenance Excellence* is the Burlington Area School District's vision for improving facility maintenance enhancing the learning environment for student achievement. The plan is the means through which the custodial maintenance personnel base operational decisions.

Goal

To provide a clean, safe and healthy environment for learning to occur, with focus on the *Roadmap for Instructional Excellence* for student achievement. To assist principals, teachers and students to help create the most positive atmosphere for learning.

Philosophy

The *Maintenance Roadmap for Excellence* is a continuous plan for improvement, which parallels the *Roadmap for Instructional Excellence* working to enhance the learning environment. The implementation, supervision and professional development will focus on supporting the building principal, teachers and staff for all students to be college and career ready. Through a continuous assessment, support services will standardize through a collaborative team effort district facility management.

Accountability and Alignment

The operations of Burlington Area School District maintenance department shall maintain the highest level of facility maintenance. A continuous self-improvement plan linked for accountability will focus towards excellence using key components. These components will include a focus on what impacts students, training, building relationships, a focus on team effort, improved communication, improved listening, focus on facility, utilizing individual skills, reflection and assessment, utilizing time, self reflection of goals and accountability.
