

Sheep Brain

OUTER:

Cerebrum
Optic Chiasma
Optic nerve
Optic tract
Rhencephalon
Oculomotor Nerve (III)
Trochlear Nerve (IV) –very difficult to find
Trigeminal Nerve (V)
Medulla Oblongata
Spinal Cord
Accessory Nerve (XI) –also difficult to find
Cerebellum
Pons Varolii
Midbrain
Mammillary body
Cerebrum

INNER:

Cerebrum
Midbrain
Cerebellum
Medulla
Optic chiasma
Pons
Corpora quadrigemina
Spinal cord
Medulla oblongata
Fourth ventricle
Aqueduct of sylvius
Optic chiasma
Third ventricle
Epithalmus
Septum pellucidum
Corpus callosum
Fornix
Hypophysis (pituitary)
