PHILOSOPHY

The extra-curricular activity program of Burlington High School is a vital part of the educational system. Its primary purpose is to assist students in growing and maturing into responsible members of the school and community. As participants in activities, students are, and will continue to be an important part of school life.

This belief has resulted in the establishment of certain standards for students. These include standards of behavior in the area of school attendance, academic achievement, and proper conduct. As co-curricular activities are an integral part of our school curriculum, it is the goal of the Burlington Area School District to offer a program of co-curricular activities that provides opportunities for boys and girls to learn skills, good sportsmanship, the importance of teamwork, and the importance of motivation and goals. We further believe that participants must recognize the value of good physical health and conditioning and the role they play in competition/participation. We feel these rules and codes must be followed and that the enforcement of such rules is important to our co-curricular program.

Non-Discrimination Statement

The Burlington Area School District, in accordance with Title IX of the Educational Amendments of 1972 and other Federal and State regulations, hereby declares that it is committed to the principle of equal education and employment opportunity and, accordingly, does not discriminate as to sex, race, color, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability. Any inquiries or complaints alleging non-compliance with Title IX of the Educational Amendments of 1972 or other Federal and State civil rights or nondiscrimination regulations shall be referred to the Title IX Coordinator of the Burlington Area School District.
