

### FST Trig 3.2, 3.3 Exit Slip 2

Graph the following Trig function. Clearly label both axes.

$$y = 4 - 2 \cos(x - \pi) \quad 0 \leq x \leq 4\pi$$

$\uparrow 4$  Amp = 2 \* FLIP

$$P = \frac{2\pi}{1} = 2\pi$$

Start  
 $x - \pi = 0$   
 $x = \pi$

End  
 $x - \pi = 2\pi$   
 $x = 3\pi$

### FST Trig 3.2, 3.3 Exit Slip 2

Graph the following Trig function. Clearly label both axes.

$$y = 4 - 2 \cos(x - \pi) \quad 0 \leq x \leq 4\pi$$
